

**Public record pursuant to s39(1) of the *Environmental Protection Act 1986***

**Proposal Title:** High Street Upgrade

**Proposal Location:** High Street from Stirling Highway to Carrington Street, City of Fremantle

**Case Number:** CMS 17483

**Date referral received:** 08-10-2018      **Date more information received:**

**Referrer:** Main Roads Western Australia      **Proponent:** Main Roads Western Australia

**Potential significant effects:**

Clearing of native vegetation, including habitat for black cockatoos, air emissions and noise from vehicular traffic, local warming from decrease in tree canopy cover, potential impacts from existing contaminated sites.

**Preliminary key environmental factors:**

Terrestrial Fauna, Air Quality, Social Surroundings

**Public comment on referral information:**

Do not assess:	1
Assess: a) Referral information	1
b) Environmental review - no public review	0
c) Public environmental review	15
<i>Total submissions:</i>	17

**Decision:** s. 39A – Assess

Public environmental review

**Other details**

Proponent-prepared Environmental Scoping Document

Public review period for Environmental Review Document (4 weeks)

**Explanation of decision:**

Several preliminary key environmental factors are complex and include high values of the environment partially within and adjacent to the proposal. The proponent has provided adequate referral information about the proposal, the environmental values of the area and the potential impacts of the proposal. However, additional information is required to determine the extent of the proposal's direct and indirect impacts that are of public interest.

**Appeals:** Decision not appealable.
