Please provide your comments on what information should be required here.:

My family and I moved to Exmouth [REDACTED] knowing that we would be living in a remote area that provides us with clean, access ble beaches and a natural environment for everyone to enjoy. We value the importance of family time and a healthy outdoor lifestyle and take pride in only leaving our footprints in the sand.

3 What environmental pressures do you observe in and around Exmouth Gulf?

Please provide your comments here.:

I'm observing the pressure from companies proposing future industrial type projects which will place the whole gulf - land and marine environment at risk.

4 What environmental pressures in and around Exmouth Gulf affect you/your sector or business?

Label:

Any future industrial activity proposed for the gulf affects me because it affects the future for our wildlife, our children and for our town. It will change the face of Exmouth from a pristine, natural environment to an industrialised disaster.

5 Are there other activities that are proposed (or likely to be proposed) that you are aware of, which will impact the Exmouth Gulf?

Label:

Gascoyne Gateway Limited proposal to build a Deepwater Port right near an existing residential wilderness housing estate.

Subsea 7 Pipeline Fabrication Facility.

Salt mining.

Limestone facility.

6 Is there any other information you would like to provide?

Please provide your comments here.:

Having previously lived throughout the North West in several mining towns, we moved to Exmouth to get away from that type of lifestyle and chose the one we have now because we love and respect our way of life. Please don't let them change it.
