Dear Paul

BROWSE LNG PRECINCT - ASSESSMENT OF DREDGING IMPACTS

Following our briefing to you on 14 May 2012 regarding our section 43A submission on refinements to dredging volumes and predicted impacts I am pleased to provide a final submission which has taken into account comments made at that meeting.

A copy of this submission was delivered to OEPA officers last week to assist them with the timely consideration of this matter.

Yours sincerely

Gail McGowan
