c) Public environmental review	3
<i>Total submissions:</i>	3

Decision: s. 39A – Assess revised proposal

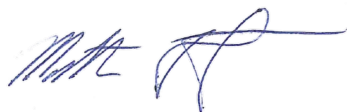

Level of assessment:

Referral Information with additional information required under section 40(2)(a) of the *Environmental Protection Act 1986*.

Explanation of decision:

The preliminary key environmental factors are Greenhouse gas and Air quality emissions. The proponent has generally provided adequate referral information about the proposal, potential impacts, and proposed management measures to enable the EPA to undertake its assessment. However, additional information is required relating to the Greenhouse Gas and Air quality emissions.

Appeals: Decision not appealable.
