

Public record pursuant to s39(1) of the *Environmental Protection Act 1986*

Proposal Title: Sandy Ridge Facility – Alignment of Gate Waste Acceptance Tonnage

Proposal Location: Shire of Coolgardie

Case Number: CMS 18038

Date referral received: 09-07-2021

Date more information received: 13-08-2021

Referrer: Tellus Holding Ltd

Proponent: Tellus Holding Ltd

Potential significant effects:

There are potential impact on: Flora and Vegetation from the clearing of 276.05 ha of native vegetation and potential impact to priority species and Priority Ecological Communities, Terrestrial Fauna from the clearing of habitat and from collision with vulnerable species, Terrestrial Environmental Quality and Inland Waters from the increased deposition of waste and potential for seepage, Human Health from increased exposure to radiation and hazardous waste, transport of waste, operational noise and dust, Social Surroundings from increased transport of waste, Greenhouse Gas from increased activity.

Preliminary key environmental factors: Flora and Vegetation, Terrestrial Environmental Quality, Terrestrial Fauna, Inland Waters, Greenhouse Gas, Social Surroundings, Human Health

Public comment on referral information:

Do not assess:	0
Assess: a) Referral information	0
b) Environmental review - no public review	0
c) Public environmental review	2
<i>Total submissions:</i>	2

Decision: s. 39A – Assess

Level of assessment:

Public Environmental Review

Other details

Proponent-prepared Environmental Scoping Document with peer review

Public review period for Environmental Review Document (6 weeks)

Explanation of decision:

Several preliminary key environmental factors are complex. Detailed assessment is required to determine the extent of the proposal's direct and indirect impacts, and how the environmental issues could be managed.

Appeals: Decision not appealable.
