<b>TRADITIONAL OWNERS</b>					
Gnaala Karla Booja Aboriginal Corporation	Jul-23	Meeting	Presentation included: - overview of the MMP and the assessment/approvals process, including the role of the MMPLG. - Alcoa is transitioning its approvals for new mining areas to be approved under the Environmental Protection Act. - A revised/updated MMP is prepared and submitted each year. - Alcoa will consult with GKB as part of the annual updating of the MMP.	GKB indicated they wanted to work with Alcoa and have meaningful consultation on Alcoa's future plans.	Alcoa reiterated its commitment to engage with GKB and would ensure it had the appropriate experts to attend meetings.
	Jul-23	Letter	Request to meet and discuss the MMP.		Meeting subsequently confirmed for 4 August 2023.
	Aug-23	Meeting	Overview of MMP approval process and draft 2023 MMP clearing schedule. Sharing of MMP map to facilitate discussion.	GKB indicated their support to work closely with Alcoa, and sought further information on: - Exploration approach (including types of equipment used). - Pre mining approach to identify constraints such as heritage and environmental. - Forest Clearing Advice - how it is approved within the MMPLG process GKB asked all business decisions to go through the Corporation, the CAC is for consultation only.	Alcoa reiterated its alignment with wanting to work with GKB. Questions raised were responded to in the meeting. Alcoa committed to organising a tour of its operations for the Board and CAC members. Alcoa would like to set up an appropriate forum to engage with GKB on its annual MMP.
	Sep-23	Bus Tour	Bus tour of Alcoa's operations and rehabilitation.	Positive event, provided opportunities for further understanding and discussion about Alcoa's operations and areas of interest and importance to GKB.	
	Nov-23	Letter	Confirm 2023-2027 MMP to be submitted shortly. Thanked GKB for their participation in the consultation. Open invite to contact Alcoa with questions or if follow up presentations are required. A copy of the MMP map was attached to the letter.		
<b>NEIGHBOURING LANDOWNERS, BUSINESSES AND INTEREST GROUPS</b>					
Alcoa Wagerup/Willowdale Community Consultative Network	Apr-23	Bi-monthly CCN meetings	April CCN meeting included discussion on delays/timing variability in mining approval and the MMPLG process.	No specific issues raised.	
Huntly Mine Neighbours (North Dandalup, Keysbrook, Yamba and surrounds)	Jun-23	Letters	Approximately 90 letters to private landowners in the vicinity of Huntly mine were sent on 6 June 2023 offering an opportunity to meet and consult on the MMP. Letter includes an offer to landowners to have a personal tour of Huntly mine.	8 requests from landowners to consult were received.	
	Jul-23	Face to Face	Information shared on mine plan and environmental management.	General discussion on the current and future operations with a specific interest in current noise issues (blast and operations).	Alcoa provided advice on how to report noise concerns through Alcoa's 24/7 report line.
	Jul-23	Telephone call	Information shared on mine plan and environmental management.	Discussed blast and operation noise impacts and monitoring equipment nearby.	A follow up site visit was organised.
	Jul-23	Face to face	Information shared on mine plan and environmental management.	Discussed impacts to dam and creek levels in the area.	Discussed the matters raised. Alcoa maintains ongoing engagement with the landowner.
	Jul-23	Face to face	Information shared on mine plan and environmental management.	Blast and operation noise was raised by landowner.	Alcoa provided advice on how to report noise concerns through Alcoa's 24/7 report line.
	Jul-23	Face to face	Information shared on mine plan and environmental management.	Discussed the low water levels on the property and sought to understand the cause of this.	Alcoa organised for a hydrologist to visit to property. Hydrologist met with landowners and discussed their concerns and answered questions. No further follow up was requested.
	Jul-23	Face to face	Information shared on mine plan and environmental management.	No issues raised.	
	Aug-23	Face to face	Information shared on mine plan and environmental management.	Dust present at the property near home due to mining activity in area.	Discussed dust issues, including the sand mine that operates across the road which could also be contributing to the dust. Information was provided on how to report dust exceedances to Alcoa has organised for landowners to tour operations.
	Jun-23	Letters	Approximately 90 letters to private landowners in the vicinity of Willowdale mine were sent on 8 June 2023 offering an opportunity to meet and consult on the EMMP. Letter includes an offer to landowners to have a personal tour of Willowdale mine.	Two (2) conversations were held with landowners.	

Stakeholder	Date	Type of consultation	Overview	Topics raised	Alcoa's response
Waroona-Harvey community	Jul-23	Face to face	The landowner has land on Scarp Road, directly east of Yarloop, and shares a boundary with an Alcoa-owned bush block to the west.	Proximity of future mining to landowner's property, in particular what noise and dust impacts might be. Landowner acknowledged that they do not currently hear Alcoa's operations. Sought to understand the mining process and potential impacts on water sources (springs and streams) and in Logue Brook.	Alcoa addressed all points raised. An action taken to provide the Willowdale mine map when approved.
	Aug-23	Telephone call	Landowner located on Black Rock Road near Logue Brook Dam.	Seeking assurance on the extent of Alcoa's mine plans.	Follow up email by CRA acknowledging feedback. Action taken to provide the Willowdale mine map when approved.
Business owner located near Huntly Mine	Jun-23	Email	Invitation to consult on 2023-2027 MMP.	Stakeholder requested to meet.	
	Jul-23	Meeting	Information on the MMP was shared.	Overview of MMP. Discussed proximity of Alcoa's operations to the local business, in particular noise impacts (blasting) and visual amenity.	Alcoa confirmed: It would continue to include business owner in MMP consultation. It had prioritised the completion of nearby mining and would then commence rehabilitation.
Munda Biddi Trail Foundation	Aug-23	Face to face	Information shared on mine plan and environmental management. This included where future mining would interact with a section of the MBT north of Logue Brook Dam.	MMP map was shared the potential disturbance area discuss MBTF noted they would need to "ground truth" the area MBTF also seeking to understand any further impact to the west to ensure Alcoa looks at this area holistically as part of its long terms planning.	BB Committed to arranging an internal meeting with key stakeholders to better understand the potential conflicts with the Munda Biddi Trail within WDL mining.
	Aug-23	Email	Email update sent following meeting on 11 August 2023.	Update to MBTF on internal meeting to discuss points raised in meeting on 11 August 2023.	Alcoa confirmed it would: Develop a broader view of mining activities/track impacts for next 20 yrs Organise to present this to the MBTF Board and Executive Team.
	Oct-23	Face to face	Follow up discussion on MMP.	MBTF seeking to have a long term holistic plan of Alcoa's future operations and the anticipated interactions with the Trail.	Alcoa confirmed a shared commitment to look to the medium to long term to ensure that any potential realignments can be managed with a broader view of what may be on the radar in 5-20-year trajectory.
