Dear Mr Hickey

**GREAT SOUTHERN LANDFILL AT ALLAWUNA FARM – ASSESSMENT NO. 2204
– ENVIRONMENTAL SCOPING DOCUMENT REQUIREMENT 40 –
PEER REVIEWER SELECTION**

Thank you for your email of 16 September 2019 which provided a list of potential peer reviewers for the consideration of the Environmental Protection Authority, in order to satisfy work requirement 40 of the Great Southern Landfill, Environmental Scoping Document.

I have consulted with the Department of Water and Environmental Regulation and consider that the following demonstrate sufficient experience and expertise to undertake the peer review, according to the information provided:

- JBS&G People – Dr Justin Bell, John De Martin and Dr Greg Dasey.
- SRK Consulting – Mark Bietting and Alison Hendry.

Please choose the most appropriate consultant for your business needs.

Should you have any further queries, please contact Natalie McAlpine on (08) 6364 6574.

Yours sincerely

Tom Hatton
CHAIRMAN
