

20 October 2020

Mr. Mark Savich
Chief Executive Officer
Agrimin Ltd
2C Loch Street
Nedlands WA 6009

Dear Mr. Savich,

AGRIMIN LIMITED - MACKAY POTASH PROJECT – TJURABALAN NATIVE TITLE LAND ABORIGINAL CORPORATION ENGAGEMENT

The Tjurabalan Native Title Land Aboriginal Corporation RNTBC (**TNTLAC**) writes this letter to Agrimin Limited ("**Agrimin**" or "**the Company**") to acknowledge their on-going positive engagement with the Tjurabalan traditional owners over the past two years in regards to the Mackay Potash Project. The Company has enabled TNTLAC to provide input into the relevant parts of the project, in this case the proposed haul road, and ensured that Tjurabalan traditional owners are informed and aware of the project's progress to date.

TNTLAC also acknowledges the impacts caused by the COVID-19 pandemic on the Company's ability to progress some of the planned consultations it had intended to undertake this year. As a result, the targeted timeline for reaching an appropriate agreement on the project with TNTLAC has been impacted.

This letter of support is provided to Agrimin Limited, and its associated subsidiary companies, to express TNTLAC's continued willingness to engage in consultation and discussions regarding the project. TNTLAC is looking forward to undertaking further consultation as the project progresses with a view to promoting strong working relationships between all groups.

Yours faithfully,

DENNIS CHUNGULLA
Dennis Chungulla

TNTLAC Chairperson
