To the investors, the Smiths Beach project

On behalf of the Board of Karri Karrak Aboriginal Corporation, we would like to acknowledge and thank you for your ongoing commitment to working in partnership with us to protect and promote Noongar Cultural Heritage in the South West Boojarah region.

We value the positive relationship we've developed and appreciate the genuine steps taken by the Smiths Beach project to ensure the extensive Noongar cultural values on the site are respected. Importantly, the work undertaken to date, alongside the archeological excavation will bring to light the stories, knowledge, and presence of our people that have too often been overlooked or erased.

Your approach sets the benchmark for best practice looks like in this space. By working with us, you are not only protecting Noongar Cultural Heritage, through the development of a robust Cultural Heritage Management Plan (CHMP)—you are supporting our efforts to advocate more broadly for the rights and recognition of Traditional Custodians. This partnership assists us immeasurably, and we are heartened, in these formative years of our Corporation, by your leadership.

Moreover, we are excited about the opportunity to share and celebrate the cultural significance of this place, especially with visitors who will be staying and camping where our ancestors have done so for millennia. We look forward to continuing this important work with you- this will be a legacy to be proud of.

Yours sincerely,

The Board of Directors
Karri Karrak Aboriginal Corporation
