Petroleum and Exploration

Dear Registrar,

Submission of Mine Closure Plan Eastern Ridge Ministerial Statements 1105 and 1037

The 2025 Eastern Ridge Mine Closure Plan (Revision 4.0) is an update to the Mine Closure Plan Submitted in 2022 (Revision 3.1). The Eastern Ridge Mine Closure Plan (Revision 4.0) is being submitted to satisfy three-yearly review and revision requirements stipulated by condition 9-3 of Ministerial Statement 1037 and condition 15-6 of Ministerial Statement 1105.

A PDF copy of the Eastern Ridge Mine Closure Plan (Revision 4.0) is attached to this letter. In the Mine Closure Plan, BHP have stipulated that several appendices contain sensitive information and BHP requests that these documents are not made publicly available. The appendices which BHP requests are not to be made publicly available can be provided via secure file transfer – link to be provided by EPA – due to the size of the document.

The following documents have been provided:

- Eastern Ridge MCP_Rev 4.0_PW Protected.pdf
- App N_Vol1_Confidential_PW Protected.pdf – not to be made publicly available.
- App N_Vol2_Confidential_PW Protected.pdf – not to be made publicly available.
- App N_Vol3_Confidential_PW Protected.pdf – not to be made publicly available.

If you require additional information or if there are any issues, please contact Jasmine Gale (Principal Closure Planner) on 0452 606 463 or via Jasmine.Gale@bhp.com.

Yours sincerely,

Jasmine Gale
Principal – Closure Planning
