To Whom it may concern,

RE: Tathra Wind Farm EPA referral –Bird and Bat Adaptive Management Plan

A Bird and Bat Adaptive Management Plan (BBAMP) will be conditioned via the Development Approval. Future planned survey data will be used to update the BBAMP.

Prior to operations commencing, the BBAMP is to be approved and implemented to the satisfaction of the Local Government, upon advice from relevant environmental authorities.

It is expected that the Determination of the Development Application will occur at the Regional Development Assessment Panel (RDA) meeting on 9 December 2025.
