**DECISION**

Pursuant to s. 45C (1) (a) of the *Environmental Protection Act 1986* (EP Act), the Chair acting as delegate for the Minister for Environment gives approval to the following amendments of the approved proposal:

**SUMMARY OF REASONS**

- No additional clearing is proposed.
- The change in DE will not include any areas likely to contain significant flora and vegetation or result in impacts to Aboriginal heritage sites.

- Existing management plans are in place to minimise impacts to flora and vegetation and terrestrial fauna.

- There are no new environmental factors likely to be significantly affected as a result of the amendments
- The amendment would not, if the proposal were already approved, be a significant amendment. In considering this, the effects of the amendment on its own, the effect of the amendment in the context of the existing referred proposal, cumulative and holistic impacts have been considered.
- The amended proposal will be substantially the same character as the existing referred proposal.

**EFFECT OF THIS NOTICE:**

1. The proposal as amended in accordance with this notice is taken to be able to be implemented under s. 45 of the EP Act.
